#### ➤ **Low Preparation Service Fees**

New License - \$ 110.00  
Modification / Renewal - \$ 110.00  
Plus FCC / Frequency Coordination Fees

#### ➤ **Motorola and Vertex Coop Funds** - 100% co-op approved! Ask us about using your co-op funds for license preparation and processing of applications.

#### ➤ **FREE! Database Management** - WRR will maintain a database of your clients to guarantee all licenses stay current and valid. The FCC no longer offers automated renewal notices, so this service reduces the possibility of losing customers because of licensing deadlines and complications.

#### ➤ **Located Next To the FCC** - WRR management and technical staff are located next to the FCC Land Mobile Branch in Gettysburg PA. Our clients' filing concerns can be discussed and handled in person with FCC staff faster and before most other licensing firms are aware of a problem.

#### ➤ **Submit & Manage your Applications Online** - Complete your applications at [www.washingtonradioreports.com](http://www.washingtonradioreports.com) and then view the current status of those applications.

Since 1950, Washington Radio Reports (WRR) has been providing products and services to help you, the dealer, succeed in your highly competitive market. We specialize in the Two-Way Radio FCC license application business, and our expertise will save you TIME and MONEY. How? WRR takes care of every detail in the complex FCC licensing process for you, so you can focus on RADIO SALES and experience increased productivity and profits! That's our commitment to you.

Our professional staff is available to assist you daily between the hours of 8AM and 3:30PM Eastern Time. A **License Data Sheet** has been provided on the reverse of this page for your convenience, or you can submit your application online. We look forward to working for you!

Sincerely,

Washington Radio Reports
